

# My Daddy the Amazing Nurse!

by Donald Jacobsen, RN

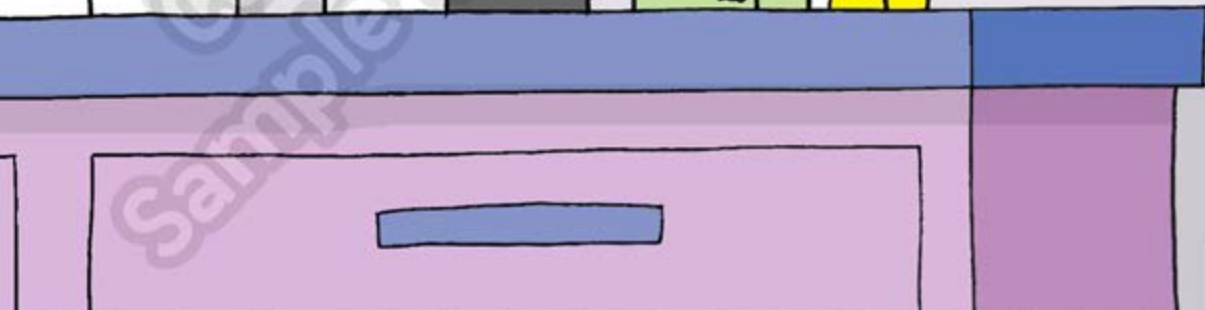

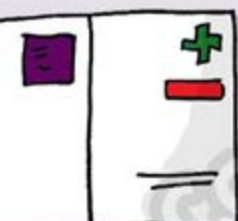

**My Daddy talks to the doctor  
about each patient's lab tests.**

**The work that nurses do helps  
the doctor decide which  
treatment is best.**

To help people get better, sometimes nurses have to give shots.

**My daddy talks to patients  
to find out what's wrong.**

**Some medicines he gives  
are mild, but others are  
very strong.**
